Feedback (things to improve): Modal verbs

96.00%

Reading

Alejandra can understand texts that consist mainly of high frequency everyday or job-related language. Alejandra can understand the description of events, feelings and wishes in personal letters.

96.00%

Listening

Alejandra can understand the main points of clear standard speech on familiar matters regularly encountered in work, school, leisure, etc. Alejandra can understand the main point of many radio or TV programmes on current affairs or topics of personal or professional interest when the delivery is relatively slow and clear.

Speaking

55.56%

below the level

Alejandra is unable to connect phrases in a simple way in order to describe experiences, hopes and ambitions and briefly give reasons for opinions and plans.

Range below the level

Alejandra uses a rather limited vocabulary, with frequent lexical gaps. The candidate can generally be understood throughout, though mispronunciation of individual words or sounds reduces clarity at times such as nieces, communicate, etc.

Accuracy below the level

Alejandra makes several mistakes in very simple sentences such as "this is a cute question" -> ??? OR "is a very long time" -> "it is a very long time" OR "it's can very gracy" -> ??? OR "for learning English can be challenge" -> ??? OR "so many countries speak English" -> ?? OR "depending of" -> "depending on" etc.

Fluency below the level

Alejandra should use all time allocated to the answers. The answers were too concise. The length of most answers was under the required time limit. The candidate usually maintains the flow of speech but uses repetition, self-correction, and/or slow speech to keep going.

Coherence below the level

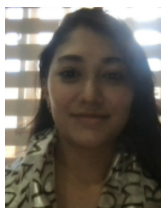

Alejandra uses too short sentences not linked together. Errors impede understanding. The frequency of errors exceeds the tolerance for this level.

Writing

66.67%

meets the level

Alejandra can write straightforward connected texts on a range of familiar subjects within his field of interest, by linking a series of shorter discrete elements into a linear sequence.
